

**Easiest visitor sign-in in the world –
FREE to Port Melbourne PMBA members.
For limited time only.**

Dear PMBA member,

Imagine your customers simply signing in at a wave of a smartphone to stay Covid-safe.

Here's an exciting opportunity to leap into the future, reduce visitor sign-in hassles and increase security. In the process you'll turn your business community into a world-first precinct that demonstrates its care for community safety.

625% faster and more secure than QR code

Wavin is a world-first visitor sign-in solution developed in Melbourne and activated by simply waving your modern smartphone over NFC technology sensors. It securely captures one-time sign-ins for all future 'wave-ins'. No app downloads or future registrations are needed in locations sporting the smart sensors.

[See here a short demo](#)

Advantages

- Enter details once and never again at any sensor point
- Increase your level of compliance with secure encryption
- Access a Location Heatmap showing people numbers in real time
- Exciting new ways to drive customer retention and growth

Your friendly Wavin rep will visit you shortly

To help you and the rest of Port Melbourne easily set up and run, a team member will come by in the next few days and provide set-up support.
